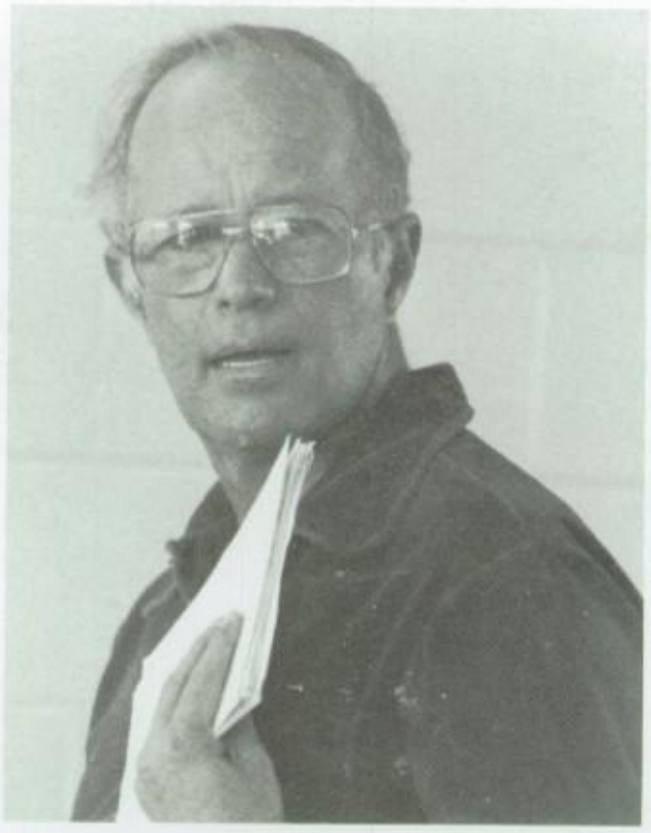
Dedication



A person who trains athletes or athletic teams — One who gives a helping hand or an encouraging smile — The one person you know will always be there —

We dedicate this 1986 yearbook to you for all of the above reasons and for one more — We love and respect you.

Coach

Faculty

Administration

The 1985-86 school year has been very successful for the student body of May Independent School District. I want to congratulate each student, faculty and staff member for the efforts contributed. Also to be commended are the many parents and citizens that support our school.

A very special congratulations to the Seniors of 1986 for this fine annual and the achievements of their school careers.

Best Wishes

What have the Seniors learned this year?
They've learned . . .

how to dress.

to have confidence.

not to play with poison ivy.

to keep their shirts tucked in.

how to sleep while sitting upright.

how to take defeat.

about body fitness.

how to count.

how to hide their fellings.

how to control their anger.
